Paper 1 Igcse

Cambridge IGCSE (9-1)

Biology helps learners to understand the biological world in which they live and take an informed interest in science and scientific developments. The syllabus includes the basic principles and concepts that are fundamental to the subject, some current applications of biology, and a strong emphasis on practical skills.

osmosis. They used a model cell made from dialysis tubing. Dialysis tubing is permeable to water but is not permeable to larger molecules such as sucrose, which is a type of sugar. Step 1 One test-tube was labelled DW and a second test-tube was labelled S. Step 2 Two dialysis tubing bags were made by knotting lengths of dialysis tubing at one ...
