leadership role in shaping the corporate governance of the company, strives to build an engaged and diverse board whose composition is appropriate in light of the company's needs and strategy, and actively conducts succession planning for the board.

## **Principles of Corporate Governance**

# Download Ebook Board

Boards are given significant power in companies, and as a consequence it is argued that they should be accountable for their actions.

Drawing on political science, public administration, accounting, and ethics literature, this book examines the concept of accountability and its meaning in the corporate governance context.
